The Financial Planning Process

There are four stages to the financial planning process. Each of these services and the associated costs are explained below:

2. Financial Review and Recommendation
3. Policy arrangement and Implementation
4. Review – Ongoing care and advice through our ongoing Management Service

1. Initial Discussion

The initial consultation will comprise of:

- Initial meeting with one of our Financial Advisers, usually on the telephone
- A chance to ask questions and understand what we do
- Opportunity for us to find out what help you require
- Discuss the options available to you from our menu of services
- Information about our charges

There is no charge for this initial discussion

2. Financial Review and Recommendation

We will carry out an extensive assessment of your financial circumstances at the outset to establish your financial planning requirements. This will include:

- gathering of information about your existing financial arrangements and full personal circumstances;

- understanding of your investment knowledge and attitude and tolerance towards investment risk;
- recommendation of an asset allocation model that matches your risk profile and the subsequent assessment and suitability of any existing holdings;
- preparing our recommendations to you;

There is no charge for financial review and recommendation

3. Policy arrangement and Implementation

The implementation of our recommendations includes where appropriate:

- Handling of all fund and policy administration on your behalf

- Ensuring all your documents are issued in line with your expectations

4. Reviews – Ongoing Management Service

Your financial objectives may change over time due to changes in your lifestyle or circumstances. We believe it is essential to ensure that your portfolio continues to meet your lifestyle and investment objectives. Our ongoing review and management service offers a range of services which are detailed below but include:

- Reviews to give you peace of mind
- Assessment of your current circumstances and any changes to your plans that are needed
- Ongoing support with correspondence and administration issues

We recognise that all clients do not have the same service requirements therefore even though we do provide a guideline by way of our bandings you are free to choose the level of service that best suits your needs. Our charges are guaranteed not to increase within the first 12 months of your contract with us. Should we need to increase our charges after this period, you will be given notice of this fact and the opportunity to decide whether to continue with the revised level of charges. It should be noted that it is not compulsory for you to sign up to one of our services and we do offer a transactional only service which is free of charge but does provide limited characteristics.

The charges for this aspect of the service are detailed below

Paying for services

We provide you with an initial consultation free of charge. This helps us to understand your financial objectives and will confirm how we can support you in working towards these. We will also discuss the cost and levels of our services both initially and throughout our relationship with you. We charge for Policy arrangement and implementation as well for ongoing reviews and changes to existing investments.

We charge our services by way of a fee. These fees are based on a percentage of the amount you invest and/or transfer subject to a minimum charge and a maximum cap. The fee is paid on a marginal basis as described below. This fee can be paid either directly by you or deducted from your investment. Transferring a Final Salary scheme is much more complex than transferring or reviewing a Personal Pension Plan and as such involves more time to transact, so we charge more for Final Salary than we do Personal Pension. These typical charges for Policy arrangement and implementation are applied as follows:

Fund Size	New Personal Pension Arrangement and Implementation	Personal Pension Switching Arrangement and Implementation	Personal Pension Retirement Income Arrangement and Implementation	Final Salary Transfer Arrangement and Implementation	Investment Arrangement and Implementation
Minimum Fee	£495 (No further Initial Fees)	No Minimum	£1,695	£1,695	£1,695*
First £50,000	N/A	3%	4%	5%	3%
Next £50,000	N/A	3%	2%	3%	2%
Remaining Funds	N/A	0%	1%	2%	1%
Ongoing Advice Service p.a.	1%	1%	1%	1%	1%

*Our minimum fee for implementing a new ISA arrangement is £495

For example, if a Final Salary Transfer Arrangement and Implementation was made on a fund of £100,000 the fee would be £4000 (which is 4% of the fund value)

For example, if a Final Salary Transfer Arrangement and Implementation was made on a fund of £250,000 the fee would be £7000 (which is 2.8% of the fund value)

For example, if a Personal Pension Switching Transfer Arrangement and Implementation was made on a fund of £100,000 the fee would be £3000 (which is 3% of the fund value)

For example, if a Personal Pension Switching Transfer Arrangement and Implementation was made on a fund of £250,000 the fee would be £3000 (which is 1.2% of the fund value)

You have the choice of paying for our services by deduction from your plan or via an invoice. Fees deducted from your plan will be automatically paid to Tuto by your plan provider. If you wish to pay via an invoice, this will be sent to you with your Personalised Report. The invoice will need to be paid, in full, prior to the issue of our 'Evidence of Financial Advice' certificate. Should you decide to cancel our agreement to provide on-going services you must provide written confirmation of your decision and we will cease payments for these services within 7 business days and after collection of any due proportion of any period charges. Tuto does not handle clients' money. We never handle cash or accept a cheque made out to us, unless the cheque is in settlement of charges or disbursements for which we have sent you an invoice.

What happens if our advice is "Not to proceed?"

The Financial Conduct Authority's starting point for any pension switch or transfer is "don't do it"; however, there have been a significant number of developments in pension legislation since this statement first appeared. In our experience, whilst we wholeheartedly agree with the principle of this statement, it still remains that there are a number of extremely good reasons why it can be advisable for an individual to switch or transfer their pension(s); it all depends on individual circumstances and whether it can be demonstrated to be in the client's best interest.

Tuto has a vast amount of experience and in-depth knowledge of advising people considering a pension switch or transfer and, whilst we have advised many to proceed, we have also advised against doing so as well. Those we advise against can be for a range of reasons from it simply being a very bad idea because of significant financial loss, to those that might have other, more suitable, alternatives to achieve what they want. However, it may be that you wish to go against our advice and proceed with a switch or transfer. Depending on the degree of strength against proceeding, we will consider agreeing to facilitate in some circumstances. The merits of each "insistent client" case will be reviewed and discussed on an individual basis at the time.

VAT

Under current legislation our services are not subject to VAT but should this change in future, and where VAT becomes due, we will notify you before conducting any further work.

Material Interest

We will act honestly, fairly and professionally known as conducting business in 'Client's best interest' regulations. Occasionally situations may arise where we or one of our other clients have some form of interest in business transacted for you. If this happens or we become aware that our interests or those of one of our other clients' conflict with your interest, we will write to you and obtain your consent before we carry out your instructions and detail the steps we will take to ensure fair treatment. In accordance with the rules of our regulator, The Financial Conduct Authority, we are prohibited from accepting any payment (commission or other non-monetary benefits) which is likely to conflict with the duty of the firm to its clients.

Right to Cancel

We will inform you of your statutory right to cancel. The Distance Marketing Directive normally grants you 30 days in which you may cancel a life or pension contract. However, there will be occasions where no statutory rights are granted, however this will be explained before any contract is concluded.

If you cancel a single premium contract, you may be required to pay for any loss you might reasonably incur in cancelling it which is caused by market movements. This means that, in certain circumstances, you might not get back the full amount you invested if you cancel the policy.

Documentation

We will endeavour to make arrangements for all your investments to be registered in your name unless you first instruct us otherwise in writing. All policy documents will be forwarded to you as soon as practicable after we receive them. If there are a number of documents relating to a series of transactions, we will normally hold each document until the series is complete and then forward them to you.

Instructions

We prefer our clients to give us instructions in writing, to aid clarification and avoid future misunderstandings. We will, however, accept oral instructions provided they are confirmed in writing.

Complaints

If you wish to register a complaint, please write to Customer Services, Tuto of Camrascan House, Isis Way, Minerva Business Park, Lynch Wood, Peterborough, PE2 6QR who can be contacted at 01733 235221. A summary of our internal complaints handling procedures for the reasonable and prompt handling of complaints is available on request. If you cannot settle your complaint with us, you may be entitled to refer it to the Financial Ombudsman Service.

Compensation Scheme

We are covered by the Financial Services Compensation scheme (FSCS) if we cannot meet our obligations. This is dependent upon the type of business and the circumstances of the claim. Most types of investment business are covered up to a maximum limit of £50,000. Insurance advising and arranging is covered for 90% of the claim, without any upper limit. Further information about this compensation scheme arrangement is available from the FSCS.
